Actions :   S H ? D W 🔧

Manufacturer :	**Shanghai SIMCom Wireless Solutions Ltd**
Marketing Name(s) :	**SIM7500V**
Model Name :	**SIM7500V**
Original Date of Certification :	**2017-10-13**
Publication Date :	**2017-10-26**
Hardware version :	**V1.02**
Initial Software version :	**LE11B01SIM7500V**
Primary Function :	**Module**
3GPP functionality is provided by an embedded, GCF Certified, module :	**no**
All or part of the functionality provided by one or more platforms :	**no**

PRD-CC Version : 3.66.1   **Start Date :** 2017-04-26   **Expiry Date :** 2017-11-13

Status :   Published

Contest Status :   None

                                                 Concurrent Technology Service Inc.   GSMA T

IOP-RTO :   **No features supported that require IOP tests**

DETAILS OF CERTIFIED BUILD :

> **GENERAL**
> Primary Function Description (Other) : LTE-FDD module
> Does this device support E-UTRA Cat M1 FDD? : No
> Does this device support E-UTRA Cat M1 TDD? : No
> **E-UTRA FDD Bands and Categories**
> E-UTRA FDD Band 4: Category : 1
> E-UTRA FDD Band 13: Category : 1
> **CARRIER AGGREGATION SUPPORT**
> **E-UTRA FEATURES**
> Supports CS/PS Mode of operation in E-UTRA : 1
> IMS PS Voice support in E-UTRA: VoLTE : 1
> Does this device support E-UTRA NB-IoT? : No
> **BEARER AGNOSTIC**
> Audio 3GPP release implemented : Not Supported
> Supports USIM Application Toolkit (USAT) : Not Supported
> Supports ZUC : 1
> Performance Information is available : 1
> B5: Data Throughput Measurements : 1
> B8: LTE RF Performance : 1
> Performance Declaration available on request : 1
